

Cut and Paste: Cycles via Book Project

What does the word “cycle” mean to you?

What types of cycles have you experienced thus far in life?

IF you had all the superpowers of the world what cycles would you break?

Collage Ideas/Skills/Techniques to consider:

- ☐ Gluing items down (Elmer’s paste, Hot glue, rubber cement, spray adhesive, etc...)
- ☐ Including Hand drawn sketches / Paintings
- ☐ Cutting down into the book
- ☐ Creating foldables (*pieces of paper that fold out or open up*)
- ☐ Taking your own photos to print, cut, and glue, hence - making an original piece of art
- ☐ RAISE up images with foam or something that separates the space between the main background of the artpiece and added lifted images.
