<b>Selection &amp; Refine Edge Tool(s)</b>	Copies & Pastes Teacher's face from original background onto a new body.  Edges are choppy, unrefined & easily seen.	Copies & Pastes & Refines all edges of Teacher's face with basic ( <i>feathered</i> ) refined edges.	Copies & Pastes & Refines all edges of Teacher's face with advanced ( <i>radius, contrast, smooth, etc...</i> ) refinements to the edge of the selection.	Practitioner <b>PLUS</b> parts of the creature are placed below and above the teacher face layer for realistic results.
<b>Hue/Saturation/ADJUSTMENTS</b>	No tweaking of original hues or saturations.  Images are chosen because of similar skin tones and saturations.	There is an obvious attempt to make the hue and saturation of the teacher's face match creature body.	Hue, Saturation, and Lighting of face match the body/object without being able to tell where the face ends and the body/object begins.	Practitioner <b>PLUS</b> <b>Texture</b> ( <i>wrinkles, fur, scales, etc.</i> ) is repeated onto the face from the original creature or another one.
